

CABINET HARDWARE

Solid Brass

CABINET HARDWARE

The following pages feature OMNIA's line of finely crafted solid brass hardware along with our selections of ornate cabinet hardware, Vintage finishes collection and fine Italian glass and crystal cabinet hardware.

Welcome to OMNIA's line of cabinet hardware. Each piece in this collection has been painstakingly crafted by artisans who understand that a beautiful design must be as comfortable to the hand as it is pleasing to the eye, if it is to carry the OMNIA name.

Over the years, we have found that only solid brass imparts the depth of finish and lasting beauty for which OMNIA hardware is known. You'll find all OMNIA cabinet hardware to be constructed of solid brass and offered in a range of finishes. And, continuing in this tradition of using only the finest materials, we're pleased to offer a collection of fine Italian glass and crystal knobs.

A number of items on the following pages have been designed to complement our existing door knob and lever designs affording you the opportunity to coordinate the hardware throughout your home or office for a more cohesive look.

Whether you're partial to classically styled traditional designs, ornate, romantic pieces, or crisply tailored contemporary styles, we think you'll find the perfect accent for all your interior drawers and cabinet doors in this latest offering from OMNIA.

Finish Options

Finish Code

Description

US3	Polished Brass, Lacquered
US26	Polished Chrome Plated
US26D	Satin Chrome Plated
SB	Shaded Bronze, Lacquered
US10B	Oil Rubbed Bronze, Lacquered
US14	Polished Nickel Plated, Lacquered
US15	Satin Nickel Plated, Lacquered
US15A	Pewter, Lacquered
VI	Vintage Iron, Lacquered
VC	Vintage Copper
VB	Vintage Brass
