

# TAGUE LUMBER INTRODUCES VIWINCO WINDOWS AND DOORS

Viwinco – as our name suggests – is a Vinyl Window Company and over the past few decades we’ve been developing top-notch vinyl windows which can be customized to fit any home. Here are 5 reasons why Viwinco is a leading manufacturer of vinyl windows:

## 1 A Higher Standard

Our glass provides top thermal performance, with one pane of low-e, argon fill, and an Intercept® ULTRA warm-edge spacer. Our frame contains more PVC. The result? Superior energy efficiency. More structural integrity.

## 2 In-House Production = Unparalleled Quality

Manufacturing occurs almost entirely within Viwinco’s 140,000-square-foot manufacturing facility. We oversee every step of the process.

## 3 On-Time, Fast Delivery

Our in-house production system enables us to custom-make every window and patio door to your exact specifications while maintaining one of the fastest turnaround times in the industry.

## 4 Innovation

Viwinco’s 30,000-square-foot, state-of-the-art Research & Development Center features a dedicated engineering and technical staff, and is home to our own certified test wall and on-site lab. The facility has enabled us to create the next generation of windows, including our OceanView® impact-resistant line.

## 5 30 Year History

Our family-owned and operated business has been providing the immediate, individualized attention and service that has made our name one of the most trusted in the industry for over 30 years.
